

## COVID-19 POLICIES AND PRECAUTIONS

UPDATED DECEMBER 1, 2021

### Proof of vaccination or negative test is required.

Due to a city mandate, all guests will be required to show proof of vaccination or a negative test, taken within 48 hours of showtime, along with valid photo ID to enter our venue.

[Click here](#) to read more about acceptable proof of vaccination and test requirements.

### We are open. And your safety is our priority.

You *MUST* wear a mask to enter. No exceptions. You may take off your mask while actively eating or drinking. Otherwise, please keep it on.

We will no longer offer will call ticketing. All tickets will be sent via e-mail. You may print tickets at home or show them to us on your phone for entry. We will print physical tickets upon request if you purchase at our box office or gift shop.

### We are now selling individual tickets.

City mandates have been lifted, and you no longer need to purchase an entire table! Individual tickets will be available for all shows after December 1, 2021. **Please note that if you purchase individual tickets, you may be seated at a table with other guests not in your party.** Social distancing restrictions have been lifted.

If you purchased a table for any show in December, you are still guaranteed a full table.

### We're taking even more steps to keep you safe.

- All staff, including kitchen staff, will wear masks.
- Our tables and chairs will be sanitized between shows.
- Hand sanitizer will be available throughout the club.
- We will offer contactless payment options and single-use, disposable menus.

Mahalo for your kokua, and for supporting live music in Hawaii.

### Questions, comments or concerns?

Please email us at [club@bluenotehawaii.com](mailto:club@bluenotehawaii.com). We are still operating with a very reduced staff, so please allow us some extra time to respond.
